

## DEATH KNELL SOUNDED FOR JOHN BARLEYCORN

Nationwide Prohibition Now  
Effective by Constitutional  
Amendment

### LAW WILL BE STRICTLY ENFORCED

WASHINGTON, Jan. 16.—National prohibition by constitutional amendment, the dream for years of those opposed to the sale of liquor, became effective tonight at midnight with the department of justice and the bureau of internal revenue, the two government agencies entrusted with enforcement of the new basic law, ready to take drastic action against all violators.

The final step in the work of enforcing prohibition was taken tonight when Secretary Glass approved regulations to be observed by agents of the federal government.

John F. Kramer, general prohibition commissioner, announced that he practically had completed selection of his corps of state commissioners and local agents.

There was little notice taken by government officials of the end of all licensed sales of liquor except at the treasury department where much activity was shown as the offices of officials connected with the task, however, was confined to the linking up of detailed plans for aiding local authorities in driving out the illegitimate dealers in intoxicants.

Commissioner Kramer said he had a staff of 15,000 men ready to begin their duties at midnight. Mr. Kramer's bureau has \$2,000,000 with which to conduct its work until July 1.

Treasury officials anticipate some trouble in handling the distilled liquors in bonded warehouses. It has been disclosed that in several cities large quantities of bottled goods have disappeared from bonded storage despite the vigilance of revenue officers. To guard further against Mr. Kramer's staff has been instructed to guard such places.

Sunday Preaches Farewell.  
Norfolk, Va., Jan. 16.—"Billy" Sunday preached John Barleycorn's funeral services here today before more than 10,000 persons who attended mock obsequies.

The ceremony began at the railroad station where the "corpse" in a casket arrived on a special train from Milwaukee.

Twenty pall bearers marched beside the casket thru the streets to Sunday's tabernacle while his Santanic Majesty trailed behind in deep mourning and anguish.

At the tabernacle door, Sunday met the "corpse" with a delighted grin and led the way to its resting place while he preached the sermon.

"Good bye, John," said the evangelist at the conclusion of his sermon. "You were my worst enemy; you were hell's best friend; I hate you with a perfect hatred; I love to hate you."

Quiet in Chicago.  
Chicago, Jan. 16.—The death march of John Barleycorn in Chicago ended at midnight tonight. Uncle Sam was the official undertaker and the deceased was buried deep beneath a grim tombstone inscribed "Eighteenth Amendment."

Government agents acted as pall bearers and will remain to guard the tomb.

There were few mourners at the "wake." Most of the downtown hotels and cafes ignored the advent of January 16. If a person brought his own in-roomed hip pockets, he was allowed to wish John B. good bye, but in reality there was little drinking.

While churches of the city and temperance societies were holding meetings of thanksgiving for the coming of total prohibition the police were attempting to find trace of six armed bandits, who held up a train crew in the Pennsylvania railroad yards today, and escaped with \$100,000 worth of liquor from freight cars.

The coming of prohibition has resulted in many changes in landmarks, wherein the past liquor was always on tap. Alderman Michael Kennedy, known as "Hinky Dink," will convert his saloon into a confectionary store. Righelmers famous "mahogany bar" will become a drug store, while other centers of liquid conviviality will evolve into lunch rooms.

HEADQUARTERS IN CHICAGO.  
Chicago, Jan. 16.—Western headquarters for the presidential campaign of Governor Calvin Coolidge of Massachusetts was opened in Chicago today. James B. Reynolds, former secretary of the national committee will take charge in about ten days.

DESIGNATION ACCEPTED.  
Ottawa, Jan. 16.—R. A. Pringle said today that his resignation had been accepted by the government. He understood that an official of the government would carry on the work.

## MORALE OF NAVY KNOCKED TO PIECES

Declares Admiral Sims, Before Senate Committee on Navy Decorations

### REAFFIRMS HIS RECENT LETTER

WASHINGTON, Jan. 16.—While disclaiming any thought of personal attack on Secretary Daniels, Rear Admiral William S. Sims, told the senate subcommittee investigating naval war decorations today that morale of the service had been "knocked to pieces," as a result of methods followed in making the awards.

The underlying cause of the "whole unfortunate affair," Admiral Sims asserted was failure of Mr. Daniels to formulate a definite policy to govern awards in his instructions to the Knight medal board. Grave injustice had been done many officers because of this he added.

Admiral Sims who during the war commanded American forces in foreign waters said constructive criticism was part of his duty to the service and his recent letter, as well as his testimony, was not to be construed otherwise. He argued for withdrawal of department regulations requiring officers not to publish critical articles without specific sanction as in the best interests of the service.

Admiral Sims vigorously reaffirmed the position taken in his letter that only commanding officers were competent to pass in the relative value of services performed by officers under them. He cited changes in awards made both by the Knight board and the secretary as being unjustified and expressed the opinion that the service generally would welcome withdrawal of all medals because of the unfortunate and unnecessary controversy that had arisen.

Taking up the secretary's announced policy of awarding distinguished service medals to officers who had lost ships in action where their service had been meritorious, Admiral Sims declared such officers deserved medals of honor or nothing.

In this connection, Admiral Sims read a personal letter from Secretary Daniels asking what steps toward "suitable recognition" of the service of Lieutenant Commander David W. Bagley (Mr. Daniels' brother-in-law) and other officers of the destroyer Jacob Jones, sunk without warning by an enemy torpedo, had been taken, and his own reply stating that officers in cases like this deserved no particular recognition.

Admiral Sims also presented a personal letter he had written Bagley at the time commending his conduct after the sinking of the Jacob Jones, which letter he said was in addition to the formal commendation made a part of Bagley's military record.

During the hearing Admiral Sims engaged in heated verbal tilts with Senator Pittman, Democrat of Nevada and Trammel, Democrat of Florida, who showed a disposition to cross question him in detail.

Summing up his objections to the decorations award policy, Admiral Sims declared that "the awarding of medals to men who lost their ships in action without engaging the enemy was without precedent in the history of the American navy or any other navy and had resulted in absolutely shattering the morale of the service."

Officers of the navy, the admiral said would much rather have no medals awarded than to have them juggled around. He said his chief criticism was not that some of his recommendations had not been approved, but that by awarding medals of different value than he recommended to various officers on his staff he changed the relative order of merit of the service of the officers, conferring high decoration on officers who performed more or less routine duty and lower honors on officers who administered posts of extreme importance.

### TABOR RELEASED FROM CUSTODY

LAWTON, Mich., Jan. 16.—Charging that he had been led to believe he was confiding in an attorney for his mother, Mrs. Sarah Tabor, Walter Tabor today repudiated the statement he gave a special deputy sheriff at Kalamazoo last night in which he declared the 80 year old woman alone was responsible for Maud Tabor Virgo's death. Simultaneously Joseph C. Virgo, of South Bend, Ind., who had been held on a charge of manslaughter, was released from custody.

Tabor's statement which he declared today was "false in every particular," was that his mother had been shot by a man who had been shot by the daughter from passing to a prospective grandchild.

### TWO KILLED AND EIGHTEEN INJURED

Toledo, Ohio, Jan. 16.—Two men were killed and 18 other persons were injured today at Hamilton, Ohio when a D. T. & I. work train collided with a Baltimore & Ohio freight train, according to reports received in Toledo. The trains met head-on.

## ILLINOIS WATERWAY WILL FINALLY BE CONSTRUCTED

CHICAGO, Jan. 16.—Governor Frank O. Lowden of Illinois today received a permit from Secretary of War Baker for the construction of the Illinois Waterway, including improvement of the DesPlaines and the Illinois rivers between Lockport and Utica. The improvement will make serviceable for water borne commerce 1,500 miles of inland rivers in the middle west. The improvement will provide a direct route for water commerce from Chicago to New Orleans, from the Great Lakes to St. Paul and the northwest either by way of the Illinois river and St. Louis, or thru the Hennepin canal as a short route from the Illinois river to Rock Island and Davenport. It also will open up direct water connection between Pittsburgh and other Ohio cities with Chicago.

The cost of the waterway will be about \$20,000,000. There will be a return to Illinois from

waterpower of approximately \$1,000,000 a year, and this power will save half a million tons of coal annually. Work of construction will be under the direction of Frank I. Bennett, director and William L. Sackett, superintendent of the division of waterways of the public works department of Illinois.

Construction of this waterway has been agitated for many years and it is said that Father Marquette contemplated it. For the last twenty years state administrations have sought in vain to secure government approval and permit of construction. The opening of this water route will be of great commercial importance to St. Louis, Memphis, Kansas City and the southwest as well as the northwest, middle-west and Mississippi Valley and will give an all-water route to eastern cities by way of the Great Lakes.

## LITTLE PROGRESS FOR A COMPROMISE — ALLIES WILL GIVE AID TO RUSSIA

Peace Treaty Will be Taken  
Up Again Today by Bipartisan Committee

### LEADERS SHOW LESS OPTIMISM

WASHINGTON, Jan. 16.—Preliminary to the second conference tomorrow of the bipartisan committee of senate leaders discussing compromise of the peace treaty deadlock, Senator Lodge, of Massachusetts, Republican leader, and two of his colleagues, Senator Lenroot of Wisconsin, and Kellogg of Minnesota, conferred late today regarding the proposal received from the Democrats.

There was less optimism today either by Republicans or Democrats for the success of the present movement, although the round table discussions are expected to continue for some time. Because it is believed publicity might be harmful those participating in the conferences were chary today of public discussion. In private conversations spokesmen of both factions said there still was a wide gulf to be bridged.

Senator Lodge also conferred today with Senator Borah, Republican, Idaho, one of the leading foes of the treaty. Mr. Borah and Senator Johnson another treaty opponent, also conferred on the treaty situation.

On the Democratic side numerous conferences were held with Senator Hitchcock, Nebraska, administration leader, Senator McKellar of Tennessee, Kendrick of Wyoming, Simmons of North Carolina and several as participants. Several of the mild reservation Republicans also held a meeting.

### PLAN TO EDUCATE ILLITERATE ALIENS

Compulsory Education to Instill  
Americanism Being Considered by  
New York Legislature.

New York, Jan. 16.—Compulsory education of all illiterate adult aliens as one means to instill Americans and combat the growth of seditious activities is being considered for recommendation to the New York legislature by its joint committee investigating radicalism. It was learned today. Expert opinion on this subject was sought from educators, home mission secretaries and social workers in an all day session here.

Archibald E. Stevenson, special council for the committee declared the turning point had come in that body's activities.

Sufficient evidence has been gathered to show the wide scope and dangerous significance of the ultra-radical movement in this country. Mr. Stevenson said and the committee has started consideration of definite ways to fight it.

Dr. John J. Coss, of Columbia University said some provision should be made for an educational hour in the adult foreigners' working. Night schools are not suited to the needs of his case he explained.

Dr. Coss' suggestion involved the advisability of the state's sharing. If not assuming, the responsibility which the employer would experience in losing an hour of his alien employees' time. Others heard by the committee included Dr. Frank D. Blodgett, president of Adelphi College and Prof. Lee Galloway, of New York University.

### PLATFORM VANISHED

Newark, N. J., Jan. 16.—Gov. Edward I. Edwards, campaign promises on a wet platform will have dwindled to bunk by the time he assumes office next Tuesday according to the annual report of James K. Shields, superintendent of the Anti-Saloon League of New Jersey issued today. The report declares that benefits of prohibition actually have been felt by New Yorkers in increased trade

Reciprocal Interchange of  
Commodities Decided Upon  
by Supreme Council

### NO CHANGE IN GOVERNMENT POLICY

PARIS, Jan. 16.—In an official communication issued this evening the supreme council approved of recommendation to relieve the population in the interior of Russia by giving them medicine, agriculture machinery and other commodities of which the people are in sore need in exchange for grain and flax.

This partial lifting of the blockade is described in the official communication as an exchange of goods on the basis of reciprocity between the Russian people and allied and neutral countries but through the co-operative societies.

"These arrangements imply no change in the policy of the allied governments toward the soviet government," says the communication of the supreme council.

Council Communiqué Public.  
WASHINGTON, Jan. 16.—Reciprocal interchange of certain commodities, including foodstuffs, between the Russian people and allied and neutral countries has been decided upon by the supreme council.

The decision of the supreme council announced thru a communiqué made public tonight by the state department provided that facilities will be afforded the Russian co-operative organizations to import clothing, medicines, agricultural machinery and other necessities in exchange for grain, flax and other goods of which Russia has a surplus.

Permission for the exchange of goods, the supreme council said, implies no change in the policy of the allied and associated powers toward the Russian government. Neither does it, as interpreted by officials here amount to the raising of the blockade which has been maintained by the allied and associated governments since soon after the Bolshevik seizure of control of the Russian government.

The supreme council's communication follows:

"With a view to remedying the unhappy situation of the population of the interior of Russia, which is now deprived of all manufactured products from outside Russia the supreme council after taking note of the report of a committee appointed to consider the re-opening of certain trading relations with the Russian people have decided that it would permit the exchange of goods on the basis of reciprocity between the Russian people and allied and neutral countries."

"For this purpose, it decided to give facilities to the Russian co-operative organizations which are in direct touch with the peasantry throughout Russia so that they might arrange for the import into Russia of clothing, medicines, agricultural machinery and the necessities of which the Russian people are in sore need in exchange for grain, flax, etc., of which Russia has a surplus supplies. These arrangements imply no change in the policy of the allied governments towards the soviet government."

### ASK LARGE SUM TO PURCHASE AIRPLANES

Washington, Jan. 16.—The war department today asked congress to authorize expenditure of \$15,680,625 for the purchase of airplanes and motors. Work under the expenditures would be so allocated as to foster and promote the aviation industry. Secretary Baker informed the house military committee.

### SOCIALISTS SENTENCED

Utica, N. Y., Jan. 16.—Charles W. Baker, Frank L. Preston and William Hatze, Syracuse Socialists, convicted of violating the espionage act on four counts, were sentenced today to serve one year and six months each in the Atlanta penitentiary on each count, the sentences to run concurrently.

## REASONS FOR U. S. WITHDRAWAL GIVEN

Government's Decision to  
Bring Troops in Siberia  
Back Explained to Japan

### FULL DETAILS GIVEN IN NOTE

WASHINGTON, Jan. 16.—Reasons which brought about the decision of the United States government to withdraw the Siberian expeditionary force have been set forth in a note to the Japanese government made public tonight. Japan recently inquired whether the United States proposed to maintain the status quo, or to proceed to entire or partial withdrawal of its troops or whether it was ready to send reinforcements in case of need.

In replying that it was deemed advisable to withdraw the expeditionary force the United States asserts that reinforcement would be impractical and that to maintain the status quo "might involve the United States in an undertaking of such indefinite character as to be inadvisable."

Other aspects of the Siberian situation are set forth in the American note which follows in part:

"The government of the United States has given the most careful consideration to the recent communication from the Japanese government and which concerns the recent unfavorable development of the military situation with which Admiral Kolchak's forces have been confronted, and which proposes three alternative courses for allied and associated powers to take."

The government of the United States agrees that for it to send a reinforcement of sufficient strength and to act on the offensive in cooperation with anti-Bolshevik forces is impracticable.

"The government of the United States believes that for it to continue to participate in guarding the districts now under allied military protection is also under present conditions impracticable for the reason that an agreement to send reinforcements to such extent as may be required with a view to maintaining the status quo, might involve the government of the United States in an undertaking of such indefinite character as to be inadvisable."

Consideration has been given, therefore to the alternative presented by the government of Japan of entire or partial withdrawal.

It will be recalled that the original purposes of the expedition were, first, to help the Czechoslovak troops which had been attacked by the Bolsheviks, and secondly to consolidate their forces and effect their repatriation by way of Vladivostok and second to steady any efforts at self-government or self defense in which the Russians themselves might be willing to accept assistance.

"Not only are the Czechoslovak troops being withdrawn, but the government of the United States has decided to withdraw its troops."

### INVESTIGATE FRAUD IN SEATTLE SHIP YARDS

Much Speculation on Witnesses  
to be Summoned Before Forthcoming Grand Jury.

SEATTLE, Jan. 16.—Witnesses were being summoned today to appear before a forthcoming session of the grand jury which has been the subject of much speculation in Seattle yesterday. Federal officials were investigating alleged shipyard frauds on the Pacific coast said to involve several millions of dollars. No witnesses have yet been called, it is said, to testify regarding shipyard affairs.

Walter C. Foster, special agent of the department of justice, has been checking records in Oregon and Washington shipyards for the last two months.

Declare No Large Sum Involved.  
WASHINGTON, Jan. 16.—Belief that no large sum of money is involved in suspected frauds in several Pacific coast shipyards was expressed tonight by Chairman Payne of the shipping board. The department of justice, Chairman Payne explained, asked the shipping board in November to suspend payments to builders on all ship contracts cancelled.

This was done Dec. 22. The secret service agents considered there was a possibility that claimants against the government based on the cancellations were "padding."

Only yards in the North Pacific district including Portland, Seattle and Tacoma having cancelled contracts were included in the board's order and Chairman Payne expressed opinion that no evidence of fraud against any of the concerns had been brought to the attention of the board.

### OPINION GIVEN ON HOUSE BILL

Bismarck, N. D., Jan. 16.—The state supreme court today by a vote of 4 to 1 declared ineffective at this time the house bill providing that "acts of special sessions should be effective with ten days after adjournment of such assemblies. The measure was passed at the recent special session.

## COUNCIL OF LEAGUE IN FIRST FORMAL MEETING

DISTRICT ATTORNEY  
AND JUSTICE CLASH  
First Intimation of "Overshadowing Crime" Which a Grand Jury Has Been Trailing Comes Out.

### NEW YORK, Jan. 16.—What was said to be the first intimation of the nature of the "overshadowing crime" which an extraordinary grand jury has been trailing here for months, came out today when Assistant District Attorney Talley clashed with Supreme Court Justice Weeks in open court.

Mr. Talley declared that at the time the jury was investigating charges by Mayor Hylan that the Interborough Rapid Transit Company had conspired with its employees to bring about a strike to force increased fares, Justice Weeks was directing an investigation in Wall Street of brokerage offices with a view to ascertaining whether any public officers, including the mayor and District Attorney Swann had been selling Interborough securities short.

Mr. Talley furthermore declared "there was not a line of evidence" to warrant the state making the extraordinary grand jury was inspired by reasonable grounds of belief that public officials had been guilty of corrupt and wilful misconduct in office.

This statement, Mr. Talley charged, was inserted under the supposition that it afforded some legal excuse behind which the grand jury to hide in pursuing its investigation of the economic phases of traction with a view to putting forth propaganda in support of the demand of the traction in this for an eight cent fare.

In demanding that all the minutes of the jury be made public, Mr. Talley said:

"You found that there was not a single transaction in such stock by any public officials. If this thing was undertaken as an effort to find some basis for the overshadowing crime conceived by Foreman Almiral, it failed of its objective."

### CLEMENCEAU GOES DOWN TO DEFEAT

How Means Elimination from  
Public Life of "The Father of  
Victory."

PARIS, Jan. 16.—Premier Georges Clemenceau went down to defeat at the hands of his countrymen today in a caucus of the senate and chamber of deputies to choose a candidate for the presidency of the republic.

Senators and deputies, after the caucus in which Paul Deschanel, president of the chamber, led the premier by 19 votes, generally expressed the opinion that the vote means the elimination from public life of "The Father of Victory," Premier Clemenceau being neither a senator nor a deputy.

M. Clemenceau's friends are already searching for another candidate as President Poincare is reported to have refused to accede to the demand that he be a candidate.

renewed emphatically his determination to be a candidate.

Never before in the history of presidential elections in France has a plurality been attended by such a large number of deputies and senators, 821 out of 842 being present. Heretofore it has been the custom to call a caucus only of the parties of the Left, but today M. Deschanel stands as the chosen candidate both of the chamber and senate—all the parties.

Neither Premier Clemenceau nor M. Deschanel were present at the caucus but former Premier Briand, Andre Lefevre and second president of the radical party Edouard Herriot, the latter the were conspicuous in marshaling the Deschanel forces, while Georges Mandel, former Premier Clemenceau's confidential secretary and Edouard Ignace, were canvassing on behalf of M. Clemenceau.

The voting commenced sluggishly at 2 o'clock but at 3 o'clock an avalanche of senators and deputies descended upon the voting place and the polling became brisk and excited. These presiding at the voting table were fairly swamped by the venerable senators and young deputies anxious to cast their votes before the polling closed at 4 o'clock.

A few bells were recorded with M. Clemenceau the pronounced favorite.

### MASKED ROBBERS MAKE BIG HAUL

GIRARD, Ala., Jan. 16.—Four masked robbers held up officials and customers of the Phoenix-Girard Bank here today and escaped with approximately \$30,000 in cash and securities.

Entering the main door of the bank without attracting notice the four men suddenly covered their faces with masks and with a flourish of pistols and a shot fired a warning the command of "hands up everybody" was given.

One of the robbers stationed himself by the door, another covered the clerical force and the customers while a third proceeded to loot the vaults of paper money and securities.

When the thieves completed their work the signal to retreat was given and running from the building the four men jumped in to the nearest automobile and disappeared.

Council Organized by Electing Leon Bourgeois  
Chairman

### UNITED STATES NOT REPRESENTED

PARIS, Jan. 16.—Representatives of France, Great Britain, Italy, Greece, Belgium, Spain, Japan, and Brazil, members of the council of the league of nations met in the "clock room" of the French foreign office at 10 o'clock this morning for the first meeting in the history of the league.

The council organized at 10:30 o'clock by electing Leon Bourgeois chairman and confirming the choice of Sir Eric Drummond of Great Britain as general secretary.

The first official act of the council was the appointment of a commission to trace upon the spot the frontiers of the territory of the Saar Basin.

All the members of the council called for by the covenant of the league with the exception of the representatives of the United States were present when M. Bourgeois called the meeting to order.

Besides M. Bourgeois the members were Earl Curzon, the British foreign secretary for Great Britain; Premier Venizelos for Greece; Carlo Ferraris, Italian minister of industry, commerce, labor and food for Italy; Paul Hymans, the Belgian foreign minister for Belgium; Baron Vautour, ambassador to France for Japan; Dr. Gaston de Caster, ambassador to France for Brazil; Count Quinones de Leon, ambassador to France for Spain.

Premier Lloyd George of Great Britain and Viscount Grey dropped into the meeting at an early stage.

After speeches by M. Bourgeois and Lord Curzon, Signor Ferraris, on behalf of Italy, said his nation was glad to respond to the invitation "of the president and the great American people."

He mentioned the skepticism amidst which the league was born and said this was a fact to be neither exaggerated nor ignored. He added that among the duties of the league would be to give assistance to the high cost of transportation, the high cost of living and the state in international finance.

M. Bourgeois announced appointment of the commission to fix the boundaries of the Saar Valley, together with one member appointed by the French government and one by Germany. The council named as its members Colonel Wace, an English officer, Major Lambert, a Belgian and Major Kobashi, a Japanese. After the appointment of the commissioners, M. Bourgeois proposed London as the place for the next meeting of the council and this was approved.

Paris, Jan. 16.—The council of the league of nations received the first formal protest to be presented to it almost before it came into being with today's initial sessions. The protest was from "the envoys of the elected government of the Irish republic," against "the unreal English simulacrum of an international league of peace."

### TIGER WITHDRAWS HIS CANDIDACY

PARIS, Jan. 16.—Premier Clemenceau tonight sent a letter to Leon Bourgeois, formally withdrawing from the contest for the presidency. The letter says: "I take the liberty of informing you that I withdraw from my candidacy for the presidency of the republic and that if they disregard my withdrawal and obtain for me a majority of votes I will refuse the mandate so conferred."

Replying to a group of ministers who asked him to remain a candidate for the post, the premier said:

"My resolution is definitely made and nothing can change it. I declared from the first that I did not wish to be a candidate but could not resist the pressure of my friends. Besides I dreamed that if elected I would be a link between the government of yesterday and that of tomorrow and for that task general consent is necessary."

### DESIGNATE LAW AND ORDER SUNDAY

Augusta, Me., Jan. 16.—Next Sunday was designated as law and order Sunday by General Miliken, in an order issued today.

### WEATHER INDICATIONS AND TEMPERATURES

Illinois.—Partly cloudy and colder Saturday and Sunday.  
Temperatures  
The current, maximum and minimum temperatures as recorded Friday were:  
Jacksonville, Ill. . . . . 32 32 30  
Boston . . . . . 18 16 - 4  
Buffalo . . . . . 8 10 - 2  
New York . . . . . 16 18 - 8  
New Orleans . . . . . 58 70 58  
Chicago . . . . . 74 25 13  
Detroit . . . . . 17 10 - 5  
Omaha . . . . . 22 32 25

Member the ASSOCIATED PRESS.  
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

The days are gliding swiftly by toward the first of March and still no provision has been made to be effective on the return of the railroads to their owners. There is every reason to think now that the railroad question will be one of the live issues in the next national campaign.

The government is unearthing another graft plot and claims that there have been frauds running to a billion dollars in the ship-building industry. There are already charges of graft amounting to a big percentage of the national debt. The statistics showing the number of American millionaires made since the war began grows less surprising as the graft exposes proceed.

## FOLLOWING THE JACKSONVILLE PLAN.

In the endeavor to control the crime wave in Chicago the chief

of police proposes to have the assistance of all city and board of education employees. This means a force of 30,000 and the idea is to assign to each one a block in area in which he is expected to keep special lookout for law violation or suspicious characters and to make report to the police department. It's a plan just like the traffic cops put over so successfully in Jacksonville. There is no denying that an interested organization of citizens can be of utmost value in assisting officers in law enforcement.

## IT'S A WORLD PROBLEM.

One trouble with the project that club women of Illinois are backing for a reduction of commodity prices is the failure to recognize that this is an international problem. No community or state can settle the price question or do much toward bringing down living costs by individual action. There must be some international movement to accomplish this thing. So it is a hopeful sign that a conference among the nations is soon to be held to discuss questions relating to money and credits. The prices of commodities are influenced by these world finance conditions.

## "UNITED WE STAND."

Mr. Walbridge said yesterday that it had been a pleasure to construct the Jacksonville dam and reservoir because of the united sentiment for the improvement. He commented on the fact that the absence of factional strife had made the work progress more rapidly and satisfactorily than would otherwise have been true. It has often been said that this water project is Jacksonville's greatest accomplishment, and it has just as truly been said that the unity of effort and purpose the project created has

really been more important for the city than the construction of the reservoir itself.

## A CHANCE FOR THE SCIENTISTS.

The scientists and economists who have failed to find the way to increase production or lower its cost might now turn their attention to stopping waste, or rather increasing the value of available materials. There is the ever present question of using the great supply of corn stalks for something other than the customary disposal. In the corn belt there is an enormous supply of the corn stalk product and if scientists were to find a plan for making this part of the corn crop almost as valuable as the grain itself, it would not be any more surprising than some other scientific accomplishments. The better utilization of corn stalks furnishes a worth while field of investigation.

## THE REASONABLE SPIRIT.

Prohibition is here for the much discussed constitutional amendment became effective at midnight January 16. It is gratifying to friends of prohibition who have fairness and vision to note that the enforcement of the amendment is to be "based upon mutual reasonableness and carried out by reasonable and slow-working authorities." It is well too that the special officers who are to enforce this law have been thoroughly trained in the rights of other people. It is a time that calls for reasonable methods and not only the people but the country must be given time and a chance of adjustment to the conditions.

Radicalism on the part of dry advocates at this time would be really damaging to the cause they wish to assist.

## THE NEW HIGH SCHOOL BUILDING.

Jacksonville is to have a new high school building and it will cost about \$75,000 more than if the contract had been let six months ago. Nevertheless members of the board of education and people generally feel now that prices are not soon to be lower. Last July there were many citizens who believed it would be wiser to refrain from letting the contract, believing that lower prices would come before the close of the year. Now most of them frankly admit that they were mistaken and the proof is easily available that the market tendencies for labor and materials are still on the up grade.

When the questions of issuing bonds and of deferring the building program were voted on a few

months ago comparatively few people expressed any opinion. Nevertheless it is a fact that a great majority of the people are interested in the high school building project and will take pride in a completed building, affording the boys and girls of this city the best facilities for high school training.

## CONGRESSMAN MCKINLEY'S VIEWS ON SUGAR SITUATION.

Admirers of Congressman William B. McKinley of Champaign, one of the prominent members of the committee on agriculture of the House of Representatives, are gratified over the fight he has been making for the passage of the bill to provide for the national welfare by continuing the United States Sugar Equalization Board until December 31 of the present year that the American public may be assured of reasonable prices, as well as an abundant supply.

"In order to provide suitable machinery to buy and sell sugar," said Mr. McKinley in a recent speech before congress, "a corporation was organized under the laws of New Jersey, for which the United States provided \$5,000,000 capital. The entire capital was subscribed for in the name of the president and he appointed eight directors, called the Sugar Board.

Continuing, Mr. McKinley pointed out that the United States is the largest consumer of sugar in the world, using annually 5,000,000 tons, while the world's annual production is 17,000,000. "Cuba produces 4,500,000 and consumes only one-third of this amount. Cuba has four and one-third million tons to sell to other countries. The United States produces nearly 2,000,000 tons and must look elsewhere for the remaining 3,000,000 tons of her consumption.

"Cuba is only eighty miles from the United States," continued the speaker, "with 4,500,000 tons to sell. The sugar board, under the control of the President, has had since August, 1917, full power to buy. The board bought from the Cuban Planters' association all of last year's crop under an agreement to resell one-third of it to our allies. In July of last year this same association offered to sell again to the United States at 6 1/2-2 cents a pound. Early in August seven of the eight members of the board asked the president to give them authority to accept this offer, in order that the people of the United States might have sufficient sugar. The president did not act.

"In September the board again asked the president to give them the authority to buy and still no action. Finally, on Sept. 22 the Cubans withdrew their offer and began to sell abroad. In conclusion the speaker said:

"Many members feel, as I do, that the way to resume is to resume, that the way to get back to normal business ways is just to go back and drop these war powers and government interference with private business. But the difficulty is that so long as the president retains these powers, the private business men are afraid to buy this sugar in large quantities for fear that they may get many millions of dollars' worth on hand and then the government will step in and order them to sell it at a great loss."

## Rippling Rhymes By Walt Mason

**Hard Boiled Wisdom.**  
When once again we use our heads, and calm become, and thrifty, there'll be no room for noisy Reds, seven theories wild and shift. The man who owns a house and lot, a garden in its season, has little use for ribald rot that seems to smack of treason. The man who has a pansy bed, with tulips for a border, would see all agitators dead; he's strong for law and order. The clerk who has a bank account, the blacksmith or mechanic, is fired when freaks the rostrum mount and try to raise a panic. Upheaval is the worst of fakes; tho in gay rags they robe her, thrift is the medicine that makes a nation sane and sober. We blow the roubles left and right while daylight hours are sunny, and then we roar around all night and say we need more money. It isn't what we earn that counts when times are most distressing; it's what we save, in small amounts, that keeps the sheriff guessing. Oh, then, no

## 'FLU' BAN IS PLACED IN EFFECT AT WAVERLY

Prevalence of Dread Contagion in Morgan County Town Prompts Drastic Action on Part of Mayor Turnbull and Waverly Health Board.

Waverly, Jan. 16.—(Special to the Journal.)—Because of the prevalence of the "flu" in Waverly and vicinity Mayor William R. Turnbull, acting in conjunction with the local board of health, today issued an order closing all places of public gatherings or meetings until further notice, with the exception of the public schools. The mayor's edict closes:

Two picture shows.  
Prohibits any loafing or visiting in any of the stores.  
Prevents the basketball game which was to have been played today between Urbana High School and the Waverly high team.

Brings to an indefinite close the revival meetings which were being held at the M. E. church South. Stops fraternal meetings of any sort.

Puts end to all religious gatherings for an indefinite period.

## One Hundred 'Flu' Cases

The reason for the issuance of such a drastic order is the great number of cases said to be in Waverly at the present time. It is stated on good authority that there are approximately 100 cases of the disease in most of the cases it is said the malady is of a mild form, but in some instances it is very severe, and has resulted in three deaths here within the last few days. Prompt action was deemed advisable to check the spread of this contagion.

## School to Remain Open

It was thought best to continue the operation of the public schools of Waverly. The community nurse, Miss Elizabeth Reed, is especially vigilant in guarding against the disease among the children.

## FRANK COAKLEY IS IMPROVED

Former Resident Run Down by Auto in Chicago Has Chance of Recovery—Relatives Returned Home Friday.

Carl Coakley and Walter Quinlan returned Friday morning from Chicago where they were called by the critical condition of Frank Coakley who was run down by an automobile Saturday evening. Mrs. Quinlan remained in Chicago with her sister, Mrs. Coakley.

They left the injured man improved and the attending physician holds out some hope of recovery. Mr. Coakley was in a semi-conscious condition when they arrived at the hospital but recognized Mr. Quinlan.

The report received by Mr. Coakley from the hospital that his brother was suffering from a compound fracture of both ankles was in error. The hospital attendant who gave the information had his case confused with another injury that came to the hospital about the same hour.

Mr. Coakley seems to be suffering from an injury to the head and neck. His condition has been such, however, that a thorough examination could not be made. He was wearing a heavy cap at the time of the accident and the physician is of the opinion that this saved him from instant death.

Mrs. Coakley was unable to learn of the accident to her husband until Sunday evening. She was nearly frantic after being unable to learn of his whereabouts.

Auto Paintings, Celluloid Glass put in. 515 S. Main St. Walter Hellenhalt.

## SUNDAY SCHOOL MEN HELD CONFERENCE

State Officers Here to Talk Over Plans for State Meeting—Hope to Make Morgan Standard County.

George Bernie state general secretary, W. D. Wing, head of the Young People's department and Miss Pearl Warren, head of the children's department were here Friday for a conference with Sunday school workers of the city and county.

The conference was held in Centenary church during the day with precinct officers and workers present. While plans for entertaining the state Sunday school convention which meets here, June 15, 16 and 17, were discussed, other matters of importance were also considered.

One of the important things was the steps necessary to make Morgan county a standard Sunday school county. There are only two counties in the state that are standard. Local workers are most optimistic and believe that they will be able to reach the desired goal.

There was a good attendance of county workers during the day and there also were representatives from Scott county. The workers from Morgan county's neighbor are evincing a great interest in Sunday school work and also in the coming convention.

Friday evening a meeting of city Sunday school was held in the office of Dr. G. H. Kopperl, who is president of the local organization and A. C. Metcalf is secretary. Others present were: T. M. Tomlinson, C. L. Mathis and J. S. Findley.

Plans for entertaining the delegates to the state convention were discussed. Dr. Kopperl selected tentative committees. However, the names will not be given out until it is ascertained whether or not the persons selected can serve.

Boy's Buster Brown stockings, 50c and 60c, sizes 6 1/2 to 11 1/2. Don't forget these are the guaranteed kind. T. M. Tomlinson.

## Story's Exchange, Loans and Insurance, Real Estate

Time was in England when men, with no land, had iron collars welded around their necks, and were slaves to their masters—the land owners.

Looks as though we are headed that way in the old U. S. A. Our land has doubled in value nine times in 90 years—an average of once in ten years. Who can say it will not double in the next ten years? You don't think so? Neither did you think so ten years ago, but it has. I know men who have hoarded their money 20 years waiting for land to get cheaper, and have seen values double twice, and still advancing. The reason is plain: 120 million people where there were once 5 millions, and no more land now than then. Fifty men want the same farm—only one can have it.

Every farmer should "salt down" a piece of land somewhere. Use your money and your credit—your neighbor has money to lend, and wants to lend as bad as you want to borrow. BUY LAND WHILE YOU CAN—IT WILL BE HERE WHEN GABRIEL BLOWS HIS HORN, and you can say that of no other investment.

(a) 340 acres, well improved, nice home, \$125 per acre.

(b) A nice little farm of about 40 acres at the edge of town and well improved for \$250 per acre. Don't quit farming, buy it.

(c) Not much more than a stone's throw from the city we offer a high class farm, rich soil, good house, barn, etc., for the price of a good farm ten miles out. You can move to this within ten days, and it is a splendid buy. Let us prove it.

## SUBURBAN PROPERTY

The best investment for a man of small means—a few acres where you can make every dime's worth.

(a) Four acres, ideal location, new house, barn, etc.

(b) Ten acres, excellent soil, rich as cream, lots of fruit, good six rooms house, large barn, in fact a young farm complete, and offered worth the money. You should hurry in and see this one.

To be sure, March 1 or sooner on all these.

## HOUSES

For two families who want to be near each other, we offer two homes on adjoining lots. Good medium sized houses at medium price.

We have a prime home in the best part of the west side, complete in every particular, sleeping porch and all—only \$6000.

See the new six room bungalow near State street at \$5500. Slate roof, open grate, oak floor—You'll like it.

Room 303 Ayer Bank Building  
Phones: Illinois 1329 Bell 321

## What's Bone Dry—What's Not?

Not every storage battery that is called "bone dry" is really shipped and stored in bone-dry condition.

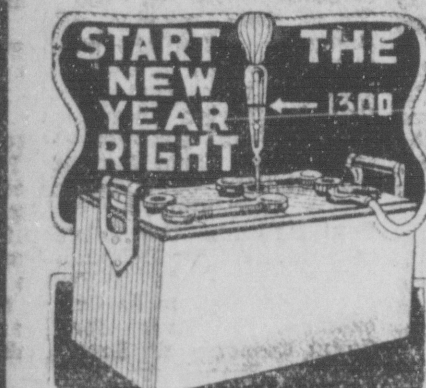

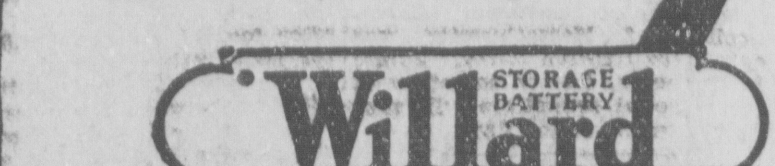

Some have solution put in at the factory, and poured out again before shipment.

Some are shipped with plates dry, and insulation wet.

These batteries are not bone dry.

Come in and get straight from us the story of Willard Threaded Rubber Insulation, the only form of insulation that permits of bone-dry shipment and storage of automobile starting, lighting and ignition batteries.

## Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring  
Signals of Bad Blood

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

When these symptoms appear on any part of the body, take prompt steps to rid the blood of these disorders. And the one

remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical advisor who will give you special instructions, without charge. Write at once to Swift Specific Co., 441 Swift Laboratory, Atlanta, Ga.

### Deaths

**Hudson.**  
The infant child of Mr. and Mrs. D. T. Hudson died at the family home, 1006 South Clay avenue, at 5 o'clock Friday morning. Funeral services will be held this afternoon at 2:30 o'clock with burial in Diamond Grove cemetery.

**Dunphy.**  
James Dunphy, a resident of Jacksonville for many years, died at 7 o'clock Friday morning after an illness of several months.

Deceased was born in County Carlow, Ireland, 65 years ago. He came to this country with his parents when a small child and for a time resided in Christian county.

He came to this city many years ago and was united in marriage in 1881 to Miss Hanorah Shanahan. To this union five children were born. Three sons, William, John and James, preceded him in death. He is survived by his widow and two daughters, Mrs. Mary Crammond, of Springfield, and Mrs. Margaret Bothwell, of Warren. He also leaves two grandchildren, Mary and William Crammond.

Mr. Dunphy followed the occupation of car builder and for twenty three years was employed at the C. P. & St. L. shops. He was a member of Car Workers Union 54.

He was a member of the Church of Our Savior and was faithful in his worship. Mr. Dunphy was highly regarded by his employers and fellow workers and was a good type of citizen.

Funeral services will be held from the Church of Our Savior at 9 o'clock Monday morning. Burial will be in Calvary cemetery.

### Social Events

**Westminster Guild.**  
The Westminster Guild met Friday afternoon with Mrs. Clara Stevenson at her home on West College avenue. The leader of the afternoon program was Miss Katherine Barr and a profitable hour was spent in the discussion of mission conditions in India.

### South Side Circle

Meets With Mrs. Reeve.  
The South Side Circle met yesterday afternoon with Mrs. J. J. Reeve in the Cherry Apartments with a good attendance of members and a number of guests present. Mrs. George Fuhr had charge of the program for the afternoon and Miss Jennie Grassley read a very interesting paper on "Basket Weaving." Following the program a social hour was enjoyed during which time the hostess served refreshments.

**COUNTRY SAUSAGE**  
Fresh and fine, 25c lb., also Backbone and Spare Ribs and Dressed CHICKENS.  
**LECK'S MARKET**

### Funerals

**Ash.**  
Funeral services for the late Mrs. Granville Ash were held from the residence of Mr. and Mrs. J. H. Reid, 235 West Greenwood avenue, Friday morning at 10 o'clock in charge of Rev. G. W. Randle, pastor of Brooklyn church. Music was in charge of Mrs. W. P. Duncan and Mrs. J. Earl Johnson. Mrs. Duncan sang "The Home of the Soul." At the close of the services Mrs. Duncan sang "Jesus, Savior Pilot Me." The many and beautiful flowers were kindly cared for by Miss Dell Heintz, Mrs. Boruff, Mrs. Samuel Perry, Mrs. Lloyd Magill, and Mrs. W. E. Thomson. The remains were conveyed to Murrayville where interment was made in the Bethel cemetery, two miles southwest of that town, the bearers being: Judge W. E. Thomson, Charles Boston, Lloyd Magill, Charles Story, J. H. Dial and George Hayes of Murrayville.

**DANCE TONIGHT**  
At Woodman Hall

### TWO FIRE ALARMS

**FRIDAY EVENING.**  
The fire department responded to two fire alarms Friday evening. The first was at 5:25 o'clock from the residence of O. H. Spaulding, 729 South Church street. A burning chimney caused the alarm and no damage was done.

While the department was at the Spaulding residence an alarm came in from the residence of E. H. Hardy, 729 Bedford street. The department responded, but its services were not needed, a burning chimney causing the alarm.

While making these runs the department lost a hose clamp from the truck. Anyone finding it will please return to the fire department.

### With the Sick

Mrs. Sam Henry and son, Sam, Jr., and John Ray of Woodson were in the city yesterday visiting Sam Henry, Sr., who is sick at the Passavant hospital. Mr. Henry is slowly improving.

New lot of Boy's Caps, 50c, 75c and \$1.00, at Tomlinson's.

### CONSTANT BRONCHIAL COUGH FOR 16 YEARS

Then Mrs. Crawshaw stopped her cough so quickly it alarmed her.

"I suffered with bronchial trouble and asthma for 16 years. In January, 1904, I had an unusually severe spell, resulting in pneumonia, and was confined to bed for 4 months. Then I began to mend, but my cough never left."

The following October, I tried Milk's Emulsion. After a few days my cough gave way, and ceased entirely after another bottle—so sudden that I became alarmed. Getting over my fear, I took 6 bottles more. For 9 months previous I had coughed night and day, but my cough ceased entirely. For 16 years I used all kinds of medicines until I became skeptical. But the results from Milk's Emulsion were nothing short of marvelous. Mrs. J. B. Crawshaw, 1438 Grand Ave., Des Moines, Iowa.

For bronchial or other severe coughs, or hard colds, Milk's Emulsion is really remarkable. The system is built up and strengthened to throw off the trouble.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Published JACKSONVILLE, Fla., Jan. 17, 1920. First signs of a cold or grip take **ES GOLD TABLETS**. GUARANTEE CO.

**neumonia** often follows a neglected cold.

**HILL'S ASCARIN QUININE BROMIDE**

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—brings up a cold in 24 hours—relieves grip in 3 days—money back if it fails. The genuine box has a red top with Mr. Hill's picture. At All Drug Stores.

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination to treat liver and bowel complaints in calomel. For 17 years he used olive tablets (a vegetable compound with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No dizziness, no griping, no injury to the stomach, no stimulation of the bowels—yet they stimulate the liver and bowels. When you feel "lumpy" and "heavy," take how they clear cloudy brain and get up the spirits. 10c and 25c a box.

**IF YOU HAD A NECK AS LONG AS THIS FELLOW AND HAD A SORE THROAT ALL THE WAY DOWN TONSILINE WOULD QUICKLY RELIEVE IT**

**WHY COUGH AND COUGH AND COUGH**

Relieve it with Dr. Bell's Pine-Tar-Honey.

ARE you going to let it stick and become a chronic condition? Of course not! Not when you know you have a preparation like Dr. Bell's Pine-Tar-Honey to loosen it up and so allow Nature to rid you of it. The first dose will produce gratifying results. The second and third will convince you that Dr. Bell's Pine-Tar-Honey is an enemy to a cold.

The preparation is second to none for its soothing, relieving effect on coughs, la grippe, bronchitis, asthmalic coughs, etc. Dr. Bell's Pine-Tar-Honey, 50c., 60c., \$1.20. All Druggists.

**Dr. Bell's Pine-Tar-Honey**

A Fine Laxative For Children. Promotes, soothes, comforts, purges, functions the bowels and aids the liver. Not a purgative, but a healthy, safe, easy-injection laxative for the whole family that effectively removes waste.

**PODOXAX**

**A Stubborn Cough Loosens Right Up**

This home-made remedy is a wonder for quick results, easily and cheaply made.

There is a home-made syrup which thousands of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm melts, breathing becomes easier, coughing in throat stops and you get good night's restful sleep. The small throat and chest colds are conquered by it in 24 hours or less. Coughs, colds, bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey or corn syrup. You get a full pint—a family supply—of much better cough syrup than you could buy ready made for three times the money. Keeps perfectly and children love its pleasant taste. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known for its powerful and its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex with 11½ ounces of sugar syrup." Guaranteed to give complete satisfaction or money refunded. The Pinex Co., Jacksonville, Fla.

**SENATE PROBE OF CONDITIONS IN MEXICO**

Many More Americans Reveal Startling Stories of Treatment Received in Southern Republic.

San Antonio, Texas, Jan. 16.—Miss Anita Whitley whose fingers and toes a bandit threatened to cut off, Mrs. Allie H. McCain whose husband was murdered by another Mexican, Paul Metzentin whose mother and sister were made permanent invalids by brutal treatment by raiders and ten other victims of Mexico's revolutions were witnesses today before the senate sub-committee investigating the Mexican situation. Inquiry by Chairman Fall developed that a majority of them had considered repatriation so improbable they had not filed with the state department statements of their losses.

The greater part of the testimony was of the earlier years of Carranza's administration and much of it of the period in which Francisco Madero was fighting for power and during his rule.

H. M. Handshy, formerly an ore conductor for a smelting company at Magistral, Chihuahua, was the first witness to appear before the committee with a friendly word for Francisco Villa. "He sure did treat me fine," he said, after describing his own capture by Villa's men. He described the destruction of the Magistral properties by Villa.

"Why did he do it?" he said repeating an inquiry by one of the committee. "To show the United States that Carranza was unable to keep his promises to Americans that he could guarantee their safety and that's the message he gave me to bring to the United States and I brought it."

"It was in 1911 that Anita Whitley, now 22 years old, had her adventure with bandits in Parral, Chihuahua. Her father owned a dairy there. He was not at home one night when the bandits appeared and demanded arms and money from her mother. The mother gave them a pistol and then came to the bedroom where she and her sister were sleeping and asked them to hand out a 22 calibre rifle that was in the room. The bandits forced their way in and demanded \$5,000. There was no money in the house and the girl so told them. Their insistence failing to obtain money, they took her and her sister in the court of the house where Anita was stood against the wall to be shot. A firing squad was ranged in front of them and the leader raised his arm. His fall would be the signal to fire. Again he received the same answer 'we have no money here'.

**ACTIONS OF DETZER IN FRANCE TOLD**

NEW YORK, Jan. 16.—The story of an inn at "Le Mans" and a vase of roses was narrated by witnesses today at the court martial of Captain Karl W. Detzer, of the 308th Military Police Company, charged with brutality to prisoners.

Clement Davis, of Chicago, a private in the motor transport corps once a prisoner of Captain Detzer's testifies that last Easter he and several other soldiers were holding a party in the inn when they saw the roses and each appropriated one, paying the barmaid two francs for the flowers. When the party started to leave the inn, Davis said, the proprietor objected to the men departing with the roses despite assurances that they had been bought and summoned Captain Detzer.

Without more ado the captain brandished a loaded riding crop, arrested Davis and two other soldiers, according to Davis, after roughly shaking some of them. Davis said that on advice of a superior officer he plead guilty to a charge of disorderly conduct rather than stay in the guard house awaiting trial.

**DOUGHNUTS AND FRIED CAKES**

Just like the ones Grandma made. Big round fat ones and twisted ones, here today.

**FEDERAL BAKERY, 231 W. State St.**

**SELECT HEADQUARTERS FOR B. B. FEDERATION**

Cleveland, O., Jan. 16.—The board of directors, meeting here today preliminary to the annual meeting of the national baseball federation tomorrow voted to recommend a resolution selecting Cleveland as permanent headquarters of the association.

A committee was appointed to go thru the playing rules for the championship series and present tomorrow any needed amendments.

A committee to go to Washington to urge the appointment of a national director of recreation to work under the secretary of labor was again recommended.

**REASONS FOR U. S. WITHDRAWAL GIVEN**

(Continued from Page One.)

vak troops now successfully advancing an agreement has been effected between the governments of Great Britain and the United States providing for their repatriation from Vladivostok.

With respect to the steady efforts of self government of the Russians, the government of the United States is impressed with the political instability and grave uncertainty of the present situation in eastern Siberia as described in the aide memoir presented by the Japanese ambassador December 8 and is disposed to the view that further military effort to assist the Russians in the struggle toward self government may, in the present situation lead to complications which would have exactly the opposite effect of restoring possibly the period of readjustment and involving Japan and the United States in ineffective and needless sacrifices. It is felt accordingly to be unlikely that the second purposes for which American troops were sent to Siberia will be longer served by their presence there.

"In view, then, of the fact that the main purposes for which American troops were sent to Siberia are now at an end, the government of the United States has decided to begin at once arrangements for the concentration of the American forces at Vladivostok with a view to their embarkation and departure about February 1.

"The government of the United States desires the Japanese government to know that it regrets the necessity for this decision because it seems to mark the end for the time being at least of a co-operative effort by Japan and the United States to assist the Russian people which had of late begun to bear important results and seemed to give promise for the future. The government of the United States is most appreciative of the friendly spirit which has animated the government of Japan in this undertaking and convinced the basis of understanding which has been established will serve in the future to facilitate the common efforts of the two countries to deal with the problems which confront them in Siberia. The government of the United States does not in the least relinquish the deep interest which it feels in the political and economic fate of people in Siberia nor its purpose to cooperate with Japan in the most frank and friendly way in all practical plans which may be worked out for the political and economic rehabilitation of that region."

**NO OUTSIDE AID TO TRY SOCIALISTS**

NEW YORK, Jan. 16.—Attorney General Charles Newton indicated tonight that he may try without the aid of outside counsel the case of the five suspended Socialist assemblymen. After prolonged conferences with Speaker Sweet Deputy Attorney General Samuel A. Berger and State Senator Lusk, the attorney general announced tonight that no decision had been reached in regard to employing special counsel. He denied emphatically reports that Elihu Rot or William D. Guthrie had been approached.

A resolution commending the legislature for its action in suspending the Socialist assemblymen was offered at the annual meeting of the state bar association tonight. It was set down as a special order of business.

**FIFTY RADICALS RELEASED ON BAIL**

New York, Jan. 16.—Forty-two men and eight women arrested in recent raids on extremists were released from Ellis Island on bail today making a total of 59 freed since Federal Judge Knox decided on Wednesday that immediate bail must be given whether or not the radicals had answered questions of immigration inspectors.

Liberty bonds deposited at the island today totaled \$48,000, representing \$10,000 bail in the case of Gregory Weinstein, "chief of staff" for "soviet ambassador" Martens and \$1,000 each in the other cases.

**DISORDER IN BERLIN STOPPED**

Berlin, Wednesday, Jan. 14.—As a result of Tuesday's disorders, the Freiheit has been suppressed indefinitely. The government does not propose to raise the embargo on the paper until the independents give substantial guarantees that they will cease their incendiary propaganda.

It is now proposed to establish a "parliamentary guard" for the general protection of the national assembly.

**CHEERING PROHIBITED**

Chicago, Jan. 16.—Boisterous cheering will be prohibited at Western Conference basketball games, according to a ruling announced tonight.

This ruling which went into effect tonight at the Northwestern game states that in the event spectators become boisterous the referee may penalize the captain of the home team with a technical foul.

**Births**

Born, Friday to Mr. and Mrs. O. L. Crum of Litterberry, a son.

**LEAP YEAR PARTY GIVEN AT BLUFFS**

Gathering Was at Home of Mr. and Mrs. Carl Ritter—Ten Teachers of Public Schools Were Hostesses.

Bluffs, Jan. 16.—A leap year party was given Thursday evening at the home of Mr. and Mrs. Carl Ritter. The affair was given by ten young women who are teachers in the Bluffs school.

The evening was pleasantly spent in games and music. During the evening the young men who were guests were auctioned off to the highest bidder. In this manner the selections were made for partners for supper.

**APPROVE DRAFT FOR EX-KAISER'S EXTRADITION**

Paris, Jan. 16.—The supreme council today approved the text of a letter to the Dutch government asking for the extradition of the former German emperor.

The general expectation in French circles is that Holland will refuse to deliver the former monarch. It is pointed out in supreme council circles that in case the Dutch government is disinclined to deliver Count Hohenzollern is a foundation for its resistance in the fact that the offenses named in the peace treaty, namely crimes against international morality and the sacredness of treaties, are not provided for in Dutch laws nor in the treaties between Holland and the allied powers regarding extradition.

It was said the letter to Holland drafted by Frenchmen who used clauses from a similar letter drafted last July by the American delegation. The supreme council also approved the text of a letter to Germany demanding the surrender of those guilty of war crimes, as provided for in the peace treaty.

**AUTHORIZE LARGE SUM FOR AIRCRAFT**

WASHINGTON, Jan. 16.—Expenditure of \$15,680,625 from war department surplus funds for airplanes and motors would be authorized by a bill introduced in the house today by Chairman Kahn of the military affairs committee. The measure is designed to carry out the request by Secretary Baker of congress at a special session that sufficient appropriations be made to keep alive the war created airplane industry.

Under plans of the war department work to be provided by the authorized fund would be allotted so as to bring the greatest development of the industry. Most of the money would be for bombing planes, the expenditure for these being \$5,625,000. For purchase of other planes sums would be provided as follows:

Observation, \$815,000; two-seater fighting planes, \$212,500; pursuit, \$2,587,500; advance training planes, \$1,575,000. Allotment of \$4,865,000 also would be made for the purchase of motors.

**WHITE HALL SOLDIER DIES IN GERMANY**

Corporal Ahern Dies in Service in France—School Election Postponed—White Hall News Notes.

White Hall, Jan. 16.—(Special to The Journal.)—News has just reached here of the death of Corporal Eddie L. Ahern, son of Mrs. Harve Gilleland of this city, who died in Germany on January 9th of bronchial pneumonia. The boy would have been 21 years of age next June. He and two other boys from White Hall, Carl Howard and Frank Bartlett, enlisted at St. Louis on May 3rd last. On June 4th Ahern sailed for France and from there went with the Army of Occupation into Germany, being promoted to corporal in the meantime. This is the eighth White Hall soldier boy who has died during the World War.

Owing to a technical error, the election to vote on \$150,000 bonds for the erection of a community high school has been postponed from January 17th to the 31st. There is little apparent opposition to the proposition owing to urgent need of additional school facilities at White Hall. The new school will provide ground for an agricultural experiment station.

While cranking an auto truck Thursday morning Albert Wyatt broke his right arm, the bone protruding at the elbow, and it became necessary to take him to a hospital that evening. He is a son of John V. Wyatt, residing east of town, and is 25 years of age. He served with the 90th division in France, went over the top several times, and was on the front line when the armistice was signed. He came out of the service without injury, and finds peaceful pursuits the more dangerous in his experience. The Wyatts operate an auto truck service in conveying clay to the Russell pottery, this plant not having connection with the White Hall Railway Co.

## CKSONVILLE HIGH WALLOPED BY CANTON

Locals Are Outclassed And Never Had a Look In—Visitors Showed One of Best Teams Seen Here in Recent Years.

Jacksonville High was walloped by Canton High in David Prince gymnasium Friday night by a score of 42 to 10. Canton clearly outclassed the local tossers and there was never any doubt about the result after the first few minutes play.

However, it must be said that Jacksonville did not play up to form. In fact we have never seen them show poorer form than that of Friday night. The men did not seem to be able to get together and their passing was for the most part wild and usually a Canton player intercepted the ball or it was passed directly into their hands.

To make a bad matter worse the referee, we never learned his name, was constantly calling on the local players, while he did not seem to be able to see

## BLUFFS HIGH Buries GRIGGSVILLE TOSSERS

Scott County Team Won Game by Score of 45 to 11—Large Crowd Present—Visitors Outclassed.

Bluffs, Jan. 16.—Bluffs High School buried Griggsville High School under an avalanche of scores in the basketball game here this evening. The final score was 45 to 11 in favor of Bluffs.

The Bluffs men were taller and heavier than the Griggsville boys and the result of the game was never in doubt after the first few minutes of play. Rolf, W. Kilber, Knoepfel and Langford were the stars for Bluffs.

### Some Dope on Local Team.

A good beginning makes a bad ending, according to an old proverb, but the students of the Bluffs High School earnestly hope that this proverb does not hold good in this particular instance. The Bluffs High School basketball team has not known a defeat so far this season, but this does not signify that the good work will be carried out through the season. In all probabilities, the team will not be in all the games, but well—let's not be so pessimistic. A glance at the schedule shows that the team is to clash with some very good "basketball quintets". The games thus far played, with the score of each follows:

At Bluffs—Dec. 12, Vermont, 25-20; Jan. 9, Versailles, 77-19; Jan. 16, Griggsville, 45-11.

Away—Dec. 5, Mt. Sterling, 65-22; Dec. 19, Griggsville, 48-34; Dec. 27, Vermont, 27-15.

The games to be played in the future will probably show some close scores and some good games. The list of the future games is as follows:

At Bluffs—Feb. 4, Pittsfield; Feb. 14, Mt. Sterling.

Away—Jan. 23, Versailles; Jan. 24, Macomb Normal Academy; Jan. 3, Pittsfield; Feb. 19-20, Tournament, Macomb Normal.

Three or four of the men on the team will graduate this year, and the school will be handicapped for a team next year on account of this fact. The team consists of the following men: Erwin Rolf, Raymond Knoepfel, Harry Thompson, William Lankford, Walter Kilver, Harry Kilver, Leroy Knoepfel, and Ogden Sears.

## ROUTT HIGH WINS FROM VIRGINIA HIGH

Local Tossers Take Revenge on Cass County Team for Former Defeat—Game Was Tied at the End of Each of First Three Quarters—Zell Star for Routt.

Routt high took sweet revenge on Virginia high at Liberty hall Friday night when they defeated the Cass county boys by a score of 23 to 22.

The game was one of the fastest ever seen on Liberty hall floor and was full of action from start to finish. Both teams made many personal fouls, Wolfe, Costello and Dinwiddie being sent from the game for making four each. However, it seemed the fouls were committed thru over anxiety because of the high tension under which the players were working.

Virginia defeated Routt at Virginia early in the season and the Routt men turned the tables last night. However, it was not without one of the hardest battles ever seen on a local floor. The game was tied at the end of the first, second and third quarters and Routt only untied it near the close of the game.

Zell was the star for Routt. In addition to making four field baskets he made nine free throws which had a large part in Routt's victory. Carson and Costello were the other point makers for Routt.

For Virginia Skiles, Wankel and Meade were the point makers. Skiles was not as accurate in throwing free throws as Zell. Had he been Virginia would have been on the long end of the score as Routt had sixteen personal fouls and three technical fouls called.

The game was refereed by Coach Harmon of Illinois College and he gave good satisfaction to the speed of the game kept him on the move. The crowd was in a constant state of excitement throughout and yelled itself hoarse in encouragement of the players. The score:

Routt	F.G.	F.T.	Ts.
Zell, f.....	4	9	17
Carson, f.....	2	0	4
Costello, c.....	1	0	2
Rook, c.....	0	0	0

### Curtain Raiser.

Preceding the main event of the evening a curtain raiser in which a great deal of local interest centered was staged. This was the game between the Routt Freshmen team and the Eighth Grad Parochial School five. This contest was as closely contested as the one which followed, the Freshmen winning out by a score of 15 to 14.

The line-up:  
Freshmen—Fred Gebert, f; W. Coonell, f; R. Zell, c; H. Cooney and D. Pulaski, g.  
Eighth Grade—C. Norris and H. Norris, f; E. Keating, c; Trahey and Gaitens, g.

## ST. LOUIS UNIVERSITY PLAYS HERE TONIGHT

Will Be Opponents of Illinois College—Teams Played Fast Game Several Years Ago, St. Louis Winning by One Point.

St. Louis University will be the opponent of Illinois College in David Prince gymnasium tonight. Not much is known of the visitors, but the school always has good athletic teams.

In February, 1916, St. Louis played Illinois College in Armory Hall. The game was one of the best and most exciting ever seen here. St. Louis finally won out by a score of 24 to 23.

Illinois has some great material this year. While Harum has not yet picked his varsity combination he will send his strongest line-up into the game tonight. He also has plenty of good substitutes and will shove them into the fray if any of the men show signs of slowing up.

Play will be called promptly at 7:30 o'clock. Coach Harmon announced the following line-up to start the game. Cully and Frazier forwards; Tomlinson, center; Andrew and Mutch, guards.

## MARQUETTE TEAM WILL PLAY SPALDING

Franklin Aggregation Will Meet Fast Peoria Team—Game Should be a Fast One.

The Marquette basketball five of Franklin will meet the fast Spalding team of Peoria in Marquette hall, Franklin, this evening.

Some time ago the Marquette team lost to Spalding at Peoria. They are out for revenge this evening and hope to reverse the decision.

The game promises to be one of the fastest ever seen in Franklin.

## BOTH CONTESTS COPPED BY NEW BERLIN TEAMS

Franklin High School Team Meets Defeat by 18 to 10 Score, While Girls Are Given Shut Out 23 to 0 by New Berlinites.

New Berlin, Jan. 16.—(Special to the Journal.)—Local teams "cleaned up" on the visitors from Franklin here tonight. The New Berlin High School girls' team defeated the girls from Franklin by the score of 23 to 0, while the boys fought out a tight and close-contested basketball battle, the New Berlinites finally winning out by the score of 19 to 18. The games were largely attended and attracted a great deal of community interest.

The curtain raiser staged by the girls proved an especially attractive feature. The local misses are playing exceptionally good basketball and in addition to being able to shoot the baskets with much of the skill displayed by their brothers, are also good on defensive work. This latter distinction in their play is most emphatically evidenced by their performance here tonight when they shut out the visitors.

The line-up of the New Berlin Girls' team is as follows: Davis and Hamrahan, forwards; Hermes and McMillan, center; Dachman and Sullivan, guards. The team played the Chatham girls last Friday night in New Berlin and defeated them by a score of 24 to 1.

### Boys' Game is Close

The basketball "scrap" staged by the boys of the high school was not as one-sided as the initial contest of the evening and there was little to choose between the teams. It was a struggle from start to finish and the result was in doubt up to the last minute of play. Both teams showed class and the result of hard training.

The line-up:

New Berlin	F.G.	F.T.	Ts.

### RETURN FROM FLORIDA.

B. N. Staley has returned from Miami, Florida, where he went with Mr. and Mrs. R. J. Sharp. Mr. Sharp went to Florida for his health and died down there. Mr. Staley brought the body back to Springfield where burial was held recently. Mr. Staley is a brother of Mrs. Sharp. Mr. Staley reports that he found it very cold in Florida and that the trees were touched by the frost.

## LACK OF REST

worry, over-work or imperfect nourishment, all in a measure contribute to and are the beginnings of nervous prostration.

## SCOTT'S EMULSION

is a decided help to those who are nervous, in that it provides an easily assimilated food that quickly builds up the general health by nourishing the whole body. Give

less attention to worry; enjoy regular rest and sleep and take Scott's Emulsion regularly after meals. Scott's never fails to nourish and strengthen.

The exclusive grade of cod liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed. Scott & Bowne, Bloomfield, N. J.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

### Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe. To be constantly sniffling and sneezing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days. Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

is the dentrifice that contains the properties recommended as ideal by United States Army Dental Surgeons

## MANCHESTER CONSIDERS TOWNSHIP HIGH SCHOOL

Community Proposition Discussed at Meeting Held in Weis' Hall Wednesday Evening—Other Manchester Items.

Manchester, Jan. 15.—A meeting of the citizens of Manchester was held in Weis' hall Wednesday evening for the purpose of discussing the proposition of a community high school. Judge P. C. Funk and C. W. Smith of Winchester were present and presented the plan of the community high school. A number of citizens were present. It is probable the question will be put to a vote of the people at an early date.

Rev. Fred Peak, past or the Baptist church, began a series of revival services Sunday evening.

Mrs. A. B. Rochester and son, Arthur, of Roodhouse spent Tuesday at the home of her parents, Mr. and Mrs. F. C. Lakin and family.

Mr. and Mrs. M. L. Robinson of Murrayville spent Tuesday here, visiting relatives and attending to business interests.

A force of signal men stationed here are extensively improving the block system of the Chicago and Alton railroad.

Mr. and Mrs. Samuel Grant and family left for their new home near Perry Tuesday. Their son, Freeman and daughter, Esther, will remain to attend school. William Grant will also remain a short time to complete the work of enumeration.

Mrs. E. G. Saye returned to her home in Jacksonville Monday after a visit at the home of her parents, Mr. and Mrs. J. C. Andrus, Sr.

Mrs. Charles Dean and children Ruby and Mason spent last Saturday in Jacksonville.

Mrs. Marshall of Murrayville spent Sunday with her daughter, Mrs. L. A. Mehrhoff.

David Harris of Roodhouse visited his daughter Mrs. Guy Brown, Tuesday.

Mrs. J. S. Weis has returned to her home in Mattoon after visiting her parents, Mr. and Mrs. J. C. Andrus, Sr.

Mrs. Mary Rousey returned home Saturday after spending several days in Murrayville with Mrs. Martha Rousey, who is in poor health.

Wiley Howard, aged citizen is ill at the home of his son, S. M. Howard.

Mrs. Ada Cuddy of Roodhouse visited her father, F. F. Clark Wednesday.

Mr. and Mrs. John Blakeman and family spent Tuesday in Murrayville with Mr. Blakeman's mother, who is critically ill.

Mr. and Mrs. C. D. Chapman and Miss Linnie Biehus spent Thursday in St. Louis.

Mrs. C. N. Lucas recently returned from Chicago where she consulted a specialist. She is in poor health and is confined to her home.

Mr. Abbott of Jacksonville was a visitor here Wednesday.

The Willing Workers Class of the Baptist church met at the home of Miss Florence Lemon Tuesday evening. After the business session a social hour was enjoyed during which the hostess served delicious refreshments. Those present were: Misses Bertha Thady, Ollie Walker, Lucille Antrobus, Ruth Blackburn, Susie Windsor, Hazel Duncan, Florence and Hattie Lemon.

Mrs. W. F. Rimbey spent Thursday in Jacksonville.

### WHY DON'T THE SENATE FUNCTION?

Governor Lowden seems to stand solid in advising Senator Borah that the senate ought quickly to ratify the treaty with reasonable reservations.

In a referendum of students and professors in 400 colleges and universities, less than ten per cent approved Mr. Borah's position for no ratification at all. About 20 per cent approved the Lodge reservations. 30 per cent approved the ratification without any reservations. And 40 per cent were for a compromise between the Lodge reservations and the treaty as it stands. Of course, outside the colleges, where the pro-German vote is heard from, the percentage against the treaty will be greater. But 90 per cent for the League and treaty in some form is a strong endorsement.

This is about the way the senate voted last November, when no agreement was reached. At that time 38 democrats voted for ratification without any reservations, 35 republicans and 7 democrats voted for ratification with reservations, 14 republicans and one democrat voted against any ratification at all. So that 80 senators in all voted to ratify and only 15 senators voted to kill the treaty.

Now here is how the senate didn't function:—

In all legislative bodies committees are appointed to sift out and arrange and present all important bills and resolutions. The senate Foreign Relations Committee had this duty to perform. This

committee ought to have presented the treaty to the senate in shape, as nearly as possible, to meet the wishes of the senate. The committee itself ought to have been appointed with this purpose in view. But the committee seems to have been appointed for the purpose of thwarting the will of the senate.

Out of seventeen members of the senate Foreign Relations committee, seven are democrats and ten are republicans. Of the 10 republicans on the committee, six—Borah, Johnson, Knox, Fall, Brandegee and Moses—were, from the beginning, hostile to any ratification whatever. They were part of the fourteen republicans who finally voted against the treaty even with the Lodge reservations attached.

Thus we find these fourteen republicans—less than one-sixth of the total number of 96 senators—were represented on the committee by six of their number, while the other 55 republicans had only a representation of four on the committee. This gave the out-and-out treaty opponents, from a party standpoint, control of the committee. Expressing it another way:—fourteen republican opponents of the treaty, less than one-sixth of the senate, exercised, by six of their number, three-fifths of the republicans voting strength on the committee.

They shaped up 46 amendments to the treaty, which were promptly voted down in the senate by majorities of from 15 to 20. Then the 14 reservations were gotten through the committee by the votes of these six ene-

mies of the treaty and presented to the senate for action. Party feeling had gotten pretty strong by this time, and these reservations were attached to the treaty by a solid republican vote, aided by 3 or 4 democrats.

But when the final vote was taken on ratification with these Lodge reservations attached to the treaty—reservations which these fourteen republicans had voted to tack on to the treaty—lo, and behold! these fourteen republicans, including the six on the foreign relations committee, deserted Senator Lodge and the other Republican senators and voted to kill the treaty!

Much has been said about the 6 to 1 voting privilege of Great Britain and the United States in the innocuous Assembly of the League of Nations. Well, Borah and Johnson are the last men to complain about unequal voting rights, for they are two of the six republican senators on the foreign relations committee who exercised three-fifths of the republican voting strength on that committee, and thus dominated the republican side of the committee, and secured the reins of power, while representing less than one-sixth of the senate.

That is why the senate don't function. It started wrong. John Quincy Adams relates an incident of George Washington taking a treaty to the senate in person. The senate at once divided up into factions, pulling and hauling in different directions, so that Washington left in disgust, remarking that "he'd be damned if he'd go there again."

If Senator Johnson and Senator Borah and Senator Knox, who complain of the "6 to 1 vote of Great Britain", want to be consistent, they would get off the foreign relations committee, and let other senators, who represent five-sixths of the senate, take their places.

JAS. H. DANSKIN.

## BRADSTREET'S REPORT

NEW YORK, Jan. 16.—Brad-  
street's tomorrow will say:  
"Activity shows signs of shift-  
ing from final distributive to  
primary lines and retail trade  
with the passing of the January  
clearance sales tended to quiet  
while buying from and by manu-  
facturers, jobbers and wholesale  
agents seems expanding. Com-  
plaints of backwardness in orders  
by manufacturers and of in-  
adequate stocks of merchandise  
in jobbers and retailers hands  
are heard, but there are some re-  
ports that manufacturers are  
finding labor a bit more tractable  
and are increasing output. Re-  
ports as to wholesale and jobbers  
trade are good while these as to  
retailers point to a slowing up  
despite better coal supply and  
active efforts to catch up with  
orders. Collections are in the  
proportions of three fourths good  
and one fourth fair."  
"The money situation has re-  
ceived more attention this week.  
Weekly bank clearings \$9,306,  
710,000."

NO AGREEMENT REACHED  
BY NEW JURY

Los Angeles, Cal., Jan. 14.—No  
agreement had been reached by  
the jury in the trial of Harry New,  
alleged murderer of his fiancée,  
Freda Lesser at 10:40 o'clock to-  
night, and Judge Craig ordered  
it locked up for the night.

WILL EXPEND MILLIONS  
Winnipeg, Man., Jan. 14.—Ex-  
tensions and improvements con-  
stituting several million dollars are  
to be made to the Canadian Pacific  
Railway System, D. C. Coleman,  
the company's vice-president an-  
nounced today.

The company intends to put it  
down of any size in western  
Canada will be affected.

WEAKNESS PREVAILS  
IN CORN MARKET

CHICAGO, Jan. 16.—Weak-  
ness that prevailed in the corn  
market today was apparently due  
to new low records of exchange  
rates to Europe. The close was  
nervous, 1/4c to 1 1/2c down, with  
May \$1.32 1/2 to \$1.32 and July  
\$1.30 1/2 to \$1.31 1/2. Oats lost  
1/4c to 3/4c. In provisions the  
outcome ranged from 27c decline  
to 30c advance.  
Selling pressure against corn  
was rather heavy at times, and  
there was a sharp watch through-  
out the day on foreign political de-  
velopments. The unrest abroad  
was associated with the unpre-  
cedented situation in regard to  
exchange and was generally  
taken to indicate a more dis-  
couraging export outlook. In-  
creasing receipts of corn tended  
further to weigh on the market  
and so likewise did lower quo-  
tations on hogs.

Oats receded with corn but on  
the decline obtained timely sup-  
port from leading bulls.  
Slowness of cash demand was  
an element of weakness in pro-  
visions. Besides there were big  
deliveries on January lard con-  
tracts. Increased stocks too  
were shown by the semi-monthly  
warehouse report.

STOCK EXCHANGE  
CLOSES UNSETTLED

NEW

## MANCHESTER CONSIDERS TOWNSHIP HIGH SCHOOL

Community Proposition Discussed at Meeting Held in Weis' Hall Wednesday Evening—Other Manchester Items.

Manchester, Jan. 15.—A meeting of the citizens of Manchester was held in Weis' hall Wednesday evening for the purpose of discussing the proposition of a community high school. Judge F. C. Funk and C. W. Smith of Winchester were present and presented the plan of the community high school. A number of citizens were present. It is probable the question will be put to a vote of the people at an early date.

Rev. Fred Peak, past of the Methodist church, began a series of revival services Sunday evening.

Mrs. A. B. Rochester and son, Arthur, of Roodhouse spent Tuesday at the home of her parents, Mr. and Mrs. F. C. Lakin and family.

Mr. and Mrs. M. L. Robinson of Murrayville spent Tuesday here, visiting relatives and attending to business interests.

A force of signal men stationed here are extensively improving the block system of the Chicago and Alton railroad.

Mr. and Mrs. Samuel Grant and family left for their new home near Perry Tuesday. Their son, Freeman and daughter, Esther, will remain to attend school. William Grant will also remain a short time to complete the work of enumeration.

Mrs. E. G. Saye returned to her home in Jacksonville Monday after a visit at the home of her parents, Mr. and Mrs. J. C. Andrus, Sr.

Mrs. Charles Dean and children Ruby and Mason spent last Saturday in Jacksonville.

Mrs. Marshall of Murrayville spent Sunday with her daughter, Mrs. L. A. Mehrhoff.

David Harris of Roodhouse visited his daughter Mrs. Guy Brown, Tuesday.

Mrs. J. S. Weis has returned to her home in Mattoon after visiting her parents, Mr. and Mrs. J. C. Andrus, Sr.

Mrs. Mary Rousey returned home Saturday after spending several days in Murrayville with Mrs. Martha Rousey, who is in poor health.

Wiley Howard, aged citizen is ill at the home of his son, S. M. Howard.

Mrs. Ada Cuddy of Roodhouse visited her father, F. F. Clark Wednesday.

Mr. and Mrs. John Blakeman and family spent Tuesday in Murrayville with Mr. Blakeman's mother, who is critically ill.

Mr. and Mrs. C. D. Chapman and Miss Linnie Bleisus spent Thursday in St. Louis.

Mrs. C. N. Lucas recently returned from Chicago where she consulted a specialist. She is in poor health and is confined to her home.

Mr. Abbott of Jacksonville was a visitor here Wednesday.

The Willing Workers Class of the Baptist church met at the home of Miss Florence Lemon Tuesday evening. After the business session a social hour was enjoyed during which the hostess served delicious refreshments. Those present were: Misses Bertha Thady, Ollie Walker, Lucille Antrobus, Ruth Blackburn, Susie Windsor, Hazel Duncan, Florence and Hattie Lemon.

Mrs. W. F. Rimbeys spent Thursday in Jacksonville.

## WHY DON'T THE SENATE FUNCTION?

Governor Lowden seems to stand solid in advising Senator Borah that the senate ought quickly to ratify the treaty with reasonable reservations.

In a referendum of students and professors in 400 colleges and universities, less than ten per cent approved Mr. Borah's position for no ratification at all. About 20 per cent approved the Lodge reservations. 30 per cent approved the ratification without any reservations. And 40 per cent were for a compromise between the Lodge reservations and the treaty as it stands. Of course, outside the colleges, where the pro-German vote is heard from, the percentage against the treaty will be greater. But 90 per cent for the League and treaty in some form is a strong endorsement.

This is about the way the senate voted last November, when no agreement was reached. At that time 38 democrats voted for ratification without any reservations, 35 republicans and 7 democrats voted for ratification with reservations, 14 republicans and one democrat voted against any ratification at all. So that 80 senators in all voted to ratify and only 15 senators voted to kill the treaty.

Now here is how the senate didn't function:—

In all legislative bodies committees are appointed to sift out and arrange and present all important bills and resolutions. The senate Foreign Relations Committee had this duty to perform. This

committee ought to have presented the treaty to the senate in shape, as nearly as possible, to meet the wishes of the senate. The committee itself ought to have been appointed with this purpose in view. But the committee seems to have been appointed for the purpose of thwarting the will of the senate.

Out of seventeen members of the senate Foreign Relations committee, seven are democrats and ten are republicans. Of the 10 republicans on the committee, six—Borah, Johnson, Knox, Fall, Brandegee and Moses—were, from the beginning, hostile to any ratification whatever. They were part of the fourteen republicans who finally voted against the treaty even with the Lodge reservations attached.

Thus we find these fourteen republicans—less than one-sixth of the total number of 96 senators—were represented on the committee by six of their number, while the other 55 republicans had only a representation of four on the committee. This gave the out-and-out treaty opponents, from a party standpoint, control of the committee. Expressing it another way:—fourteen republican opponents of the treaty, less than one-sixth of the senate,—exercised, by six of their number, three-fifths of the republicans voting strength on the committee.

They shaped up 46 amendments to the treaty, which were promptly voted down in the senate by majorities of from 15 to 20. Then the 14 reservations were gotten through the committee by the votes of these six ene-

mies of the treaty and presented to the senate for action. Party feeling had gotten pretty strong by this time, and these reservations were attached to the treaty by a solid republican vote, aided by 3 or 4 democrats.

But when the final vote was taken on ratification with these Lodge reservations attached to the treaty—reservations which these fourteen republicans had voted to tack on to the treaty—lo, and behold! these fourteen republicans, including the six on the foreign relations committee, deserted Senator Lodge and the other Republican senators and voted to kill the treaty!

Much has been said about the 6 to 1 voting privilege of Great Britain and the United States in the innocuous Assembly of the League of Nations. Well, Borah and Johnson are the last men to complain about unequal voting rights, for they are two of the six republican senators on the foreign relations committee who exercised three-fifths of the republican voting strength on that committee, and thus dominated the republican side of the committee, and secured the reins of power, while representing less than one-sixth of the senate.

That is why the senate don't function. It started wrong.

John Quincy Adams relates an incident of George Washington taking a treaty to the senate in person. The senate at once divided up into factions, pulling and hauling in different directions, so that Washington left in disgust, remarking that "he'd be damned if he'd go there again."

If Senator Johnson and Senator Borah and Senator Knox, who complain of the "6 to 1 vote of Great Britain", want to be consistent, they would get off the foreign relations committee, and let other senators, who represent five-sixths of the senate, take their places.

JAS. H. DANSKIN.

Tuesday, Jan. 20th.

**AWAY WITH THOSE ACHES AND PAINS**

Keep Sloan's Liniment handy to put the "feel good" back into the system

ALL it needs is just one trial—a little applied *without rubbing*, for it penetrates—to convince you of its merit in relieving sciatica, lumbago, neuralgia, lame muscles, stiffness, bruises, pains, aches, and strains, the after-effects of exposure.

The congestion is scattered, promptly, cleanly, without effort, economically. You become a regular user of Sloan's Liniment, adding your enthusiasm to that of its many thousands of other friends the world over, who keep it handy. Three sizes at all druggists—35c., 70c., \$1.40.

**Sloan's**  
Liniment  
Keep it handy

**Moved to 226 South Sandy**  
In this location I shall be better than ever prepared to take care of all bicycle and general repair work. My shop is thoroughly equipped—and I have had many years of experience.

No Higher Prices in Order, to Get S. & H. Green Trading Stamps

Remember—They Are Given to You

ABSOLUTELY FREE! As Your Discount for Cash Trade

If you had to pay more for your necessities in order to get the stamps, then there would be nothing in the plan for you. The point of importance is that such is not the case. Our prices are never higher than those to be found elsewhere, and as a general thing are materially less than equal qualities and quantities can be had for at any other store. And because of the installation of this Profit Sharing Plan, we wish it thoroughly understood that there will be no deviation from our present method of doing business. We shall look for our gain from an increased patronage and not from an increased profit on any one item. So that it resolves itself down to this: The person who trades with us from now on will get a double advantage. First, the best goods for the least price, and—second, the advantage of "Sperry & Hutchinson's" Green Trading Stamps means substantial saving, or in other words, "a bank pays interest on what you save. S. & H. Stamps pay interest on what you spend."

**BEEF SPECIALS**

## BRADSTREET'S REPORT

NEW YORK, Jan. 16.—Brad-  
street's tomorrow will say:  
"Activity shows signs of shift-  
ing from final distributive to  
primary lines and retail trade  
with the passing of the January  
clearance sales tended to quiet  
while buying from and by manu-  
facturers, jobbers and wholesale  
agents seems expanding. Com-  
plaints of backwardness in orders  
by manufacturers and of in-  
adequate stocks of merchandise  
in jobbers and retailers hands  
are heard; but there are some re-  
ports that manufacturers are  
finding labor a bit more tractable  
and are increasing output. Re-  
ports as to wholesale and jobbers  
trade are good while these as to  
retailers point to a slowing up  
despite better coal supply and  
active efforts to catch up with  
orders. Collections are in the  
proportions of three fourths good  
and one fourth fair."  
"The money situation has re-  
ceived more attention this week.  
Weekly bank clearings \$9,306,  
710,000."

## NO AGREEMENT REACHED

Los Angeles, Cal., Jan. 14.—No  
agreement had been reached by  
the jury in the trial of Harry New,  
alleged murderer of his fiancée,  
Freda Lesser at 10:40 o'clock to-  
night, and Judge Craig ordered  
it locked up for the night.

**WILL EXPEND MILLIONS**  
Winnipeg, Man., Jan. 14.—Ex-  
tensions and improvements cost-  
ing several million dollars are to  
be made to the Canadian Pacific  
Railway System, D. C. Coleman,  
the company's vice-president an-  
nounced today.

The company intends to put it  
on a new construction  
basis, he said. Nearly every city  
and town of any size in western  
Canada will be affected.

tion. The land is level  
to gently rolling, about  
ten acres of rough land  
well watered with  
springs and wells. The  
farm also has a gas well  
and the house and build-  
ings are lighted and  
heated with gas. Price  
for quick sale \$187.

## SCIENTIST LECTURE LARGELY ATTENDED

Remarks of Christian Scientist From Boston Are Listened to With Interest by Good Sized Audience Last Night.

The lecture given last night at the I. O. O. F. temple on East State street by John Randall Dunn, C. S. B., was largely attended and of much interest. Mr. Dunn, who is a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, Boston, Mass., took for his subject "Christian Science, the Liberator of Mankind."

An outline of his remarks is given herewith:

The widespread interest in the subject of Christian Science, in this and other lands, is traceable directly to the fact that enslaved mortals are finding in its spiritual teaching that liberator graphically pictured by Isaiah as sent "to preach good tidings unto the meek; to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound." The attempts of some misinformed critics to prove that Christian Science is not this liberator, that the sick are not healed, the sinning reformed, nor the sorrowing comforted through its ministrations, are of course of little moment in the presence of an ever increasing host of witnesses testifying to the fact that whereas they were bound physically, mentally, or morally, now they are experiencing through the teachings of Christian Science a greater measure of health, freedom, and happiness than they have ever known.

What would those who fancy themselves opposed to this spiritual teaching have its students do? Would they ask the man who states, and whose family corroborates his statement, that he has been freed from the torments of alcoholism, to go back to his appetite and his bondage? Would they bid the infidel who through Christian Science has become a believer in and lover of the Bible, discard that holy volume, and tread again his cheerless, godless road? Would they bring back the pain and anguish which in the cases of thousands of men and women, and little children have been banished by the touch of this healing evangel? Surely this is no time to oppose the coming to saddened humanity of a spiritual message, the certain effect of which is the uplift and comfort of mankind. It might be recommended, therefore, to those who feel called upon to ridicule and revile the Christian Scientists, that perhaps the safest and most Christian attitude for them to assume is to be found in Gamaliel's sound advice to the would-be persecutors of the apostles as recorded in the fifth chapter of Acts: "And now I say unto you, Refrain from these men, and let them alone; for if this counsel or this work be of men, it will come to naught; but if it be of God, ye cannot overthrow it; lest haply ye be found even to fight against God."

### This Tragic Moment in History.

We are without doubt living in one of the most tragic moments in history. On all sides are evidences of the most terrible upheaval the world has ever witnessed. Nations have risen against nations, wars and rumors of wars still abound, desolation and disturbances of nature seem to prevail, and want, woe, and discord stalk abroad in the earth. What does it mean? How are we to stand? Christian Science gives the only rational explanation of this mighty world-wide fermentation. It tells us not to be dismayed, but to realize that as the mud in a river's bed must be stirred and brought to the surface in order to purify the stream (see Science and Health, p. 340), just so must the latent errors of the earth, national as well as individual, be brought to the surface and carried off, in order that the kingdoms of this world may become the kingdoms of our Lord and of His Christ. As Jesus says in the twenty-first chapter of Luke, "When these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh." A Christian Scientist cannot fail to read the signs of the times and realize with courage and without dismay that this mighty international upheaval means the blasting away of the rocks and stumps

of tyranny and oppression and the preparing of the soil of the human consciousness for the seed of truth, the seed of scientific Christianity. Thus to say that the world is being made safe for democracy, means that the world is being prepared for scientific, liberating Christianity.

**Prejudice Against Mrs. Eddy.**  
I regret to confess the fact that before I knew anything about Christian Science, before I had read a line of its authorized literature, or attempted to prove by demonstration its truth or its error, I was one of that now rapidly decreasing number of people who seem to take a special delight in making flippant and unchristian remarks about Mrs. Eddy, the Discoverer and Founder of Christian Science, and in laughing at the movement in general. I was quite sure that Christian Scientists worshiped Mrs. Eddy, and that her system of healing was based upon will power, or the human mind over matter. In fact, my fund of information as to what Christian Science did not teach reminds me of the man who was endeavoring to impress his pastor with his extraordinary familiarity with the Holy Scripture. "Why, parson," he exclaimed, "I know that Bible from Genesis to Exodus!"

**Christian Science Not Suggestion.**  
But when at last I read the Christian Science textbook, "Science and Health with Key to the Scriptures," and when I had attended a few services, I found that which no impartial investigator could fail to discover; that Christian Scientists worship the supreme and only God, and entertain for the revered Leader of their movement only sentiments of affection and deep gratitude. I found, instead of a system of material philosophy dealing with the action of will power and suggestion, the purest Christian metaphysics, based upon a spiritual sense of the Scriptures. Well may we rejoice that Mrs. Eddy during her search after Truth had investigated so-called magnetic healing, and mind cure based upon such systems not only devoid of spirituality, but positively fraudulent. And even a casual glance through the pages of the textbook must convince any fair-minded person that Christian Science is as far from hypnotism and suggestion as is Christ from Balaam.

### CIRCUIT COURT CASES

In the circuit court John N. Kennedy, by his attorney, W. N. Hairgrove, has brought a suit in assumpsit against H. F. Hempel. Only the praecipe has been filed and indicates damages are asked in the sum of \$1,000. The suit involves a commission alleged to be due on a land deal.

Another suit filed by Mr. Hairgrove is styled G. B. Turner vs. W. A. Taylor, narr and cognovit.

## FRENCH EDUCATOR VISITOR IN CITY

Dr. Champenois Tells of Purpose Behind Interchange of Scholarships—Made Address at Woman's College and Before Rotary Club.

Dr. J. J. Champenois, official representative of the department of education of France and of French universities, was a visitor in Jacksonville yesterday. Dr. Champenois is visiting all colleges and universities in the U. S. where students from France are enrolled, and expects to remain in this country several years. He made an address at the morning chapel exercises of Illinois Woman's college and later in the day visited Illinois college.

At the noon day luncheon of the Rotary club Dr. Champenois was the guest of Dr. J. R. Harker and spoke before the club in a most interesting vein. Dr. Champenois was attached to the staff of the peace commission during all of its months of deliberation. Yesterday he voiced the feeling that much of the misunderstanding of peace league negotiations was due to the press representations of France, Great Britain and the United States. He said that the same statement given to the press representatives as they gathered about the table was interpreted in different ways and that as a result there had naturally grown up certain misconceptions. He said that whatever mistrust there is between the nations today in his mind is largely the result of this fact of incorrect interpretation of statements or movements made at the peace conference.

### A Better Understanding.

The speaker said that students from France, men and women, are in 242 American colleges or universities and that there are now 50 American students taking work at French colleges and universities. Next year the number will be still larger. He said that this exchange of scholarships will be certain to bring about a greater understanding by these students of ideals, purposes and habits of thought than would otherwise come to pass. The return to the native land of these students knowing in a correct way of the viewpoint of the nation where they have been students will in the course of a few years have a constantly widening influence in bringing about a better understanding between the people of the two nations.

Dr. Champenois is a very interesting speaker. He of course uses a decided French accent but no one can listen to him for a few moments without the realization that he is a man of broad learning and liberal culture. His statements are interpreted with flashes of wit, somewhat slyly given, but which furnish abundant proof that he recognizes some of the weaknesses in present day movements.

### The Water Supply Subject.

At the Rotary club luncheon John T. Walbridge followed Dr. Champenois and expressed the pleasure he had found in directing the construction work of the new reservoir here because of the unanimity of sentiment behind it. He indicated that in public improvement work he is not a stranger to dissension as the result of political differences, but said that the city was fortunate here in having no entanglements of that kind.

It is a generally accepted fact that Mr. Walbridge has done a very satisfactory piece of work here in Jacksonville and along with Jacksonville citizens he is confident that the supply of water with the new reservoir will be adequate and in fact that the quantity will be so large that the city will make speedy advances from an industrial and population standpoint.

### We would call your attention to the line of men's \$20., \$22.50 and \$25.00 suits in our clothing window today.

**T. M. Tomlinson.**

C. L. Hankins has removed his shoe repair shop from 213 East Morgan street at 233 West Court street. Your patronage is invited and satisfactory work guaranteed.

### DANCE TONIGHT

At Woodman Hall  
Large's Orchestra.

## JOURNAL PRESS IS DELAYED FIVE HOURS

Breakage of Two Gears and Shifting Halts Publication of Friday Morning's Edition.

Yesterday morning the publication of the Journal was delayed for about five hours as a result of the breaking of two gears and a gear shaft on the big press.

About 2:30 o'clock a linen tape gave way and proceeded to entangle itself in one of the small gears of the folder. This gear becoming clogged, checked the speed of the drive pinion and the gears on the drive shaft failed to mesh properly. Several teeth were snapped out of two of these gear wheels and the shafting was twisted so that a new shaft had to be made to replace it. All small trains were missed. The city carrier left the Journal office at 8:45 instead of 5 a. m. the usual time.

## Annual Red Tag Sale opens today.

**RABJOHNS & REID.**

## BLUFFS REBEKAHS INSTALLED OFFICERS

Ceremonies Took Place Wednesday Evening—Red Men and Old Fellows Also Inducted Newly Elected Officers Into Office.

Bluffs, Jan. 15.—The following officers of the Rebekah lodge were installed Wednesday night at the I. O. O. F. hall which was in gala attire for the occasion.

Noble Grand—Miss Pearl Rockwood.

Past Noble Grand—Miss Zeta Morris.

Vice Grand—Miss Louise Meier.

Secretary—Mrs. Grace Stanton.

Treasurer—Mrs. P. C. Burrus.

Warden—Miss Mabel Green.

Conductor—Miss Emma Nor-trup.

Chaplain—Mrs. Jennie Bruno.

Staff captain—Miss Zeta Morris.

Inner guard—Clarence Nor-trup.

Outer guard—Coin Mueller.

This is the most powerful lodge, so far as numbers are concerned in Bluffs. The membership is above one hundred; the meetings are attended with interest and there seems to be harmony, union and comradeship among the members.

At the last meeting of the Red Men the following officers were installed:

Sachem—H. W. Summers.

Senior Sagamore—W. R. Bush.

Junior Sagamore—Ewing Lankford.

C. R.—Walter Nor-trup.

K. W. C. A. Flanagan.

Trustees—Perry Lankford, George Green, Henry Kesterson.

Prophet—George Wedeking.

Installation of I. O. O. F. officers.

Noble Grand—T. C. Rogers.

Vice grand—H. W. Summers.

Secretary—J. C. Lewis.

Treasurer—William Thompson.

Trustees—W. R. Busch, Ewing Lankford, Clarence Nor-trup, Coin Mueller, Moxie Crews.

Chaplain—C. Nor-trup.

Right support—Coin Mueller.

Left support—Charles Bonnett.

Right vice—John Strickler.

Left vice—John Conrady.

Mrs. T. J. Brooks is seriously ill at the home of her daughter, Mrs. Bert Frazer.

Mrs. C. A. Phillips was taken to the hospital in Jacksonville for treatment Tuesday.

Mrs. Anna Arundel was a business visitor in Jacksonville Tuesday.

Owing to increased rent, the post office will probably be moved to the west side of Main street into the J. E. Likes building, which is now being used as a barber shop. If the change is made the people at Bluffs and vicinity will greatly deplore the loss of the beautiful brick building which was purposely built by former Postmaster E. D. Beird for the purpose. If the retrenchment time is at hand the citizens of Bluffs must abide by the change as certainly the owner of the building is entitled to fair rental rates.

Mrs. T. Reid was among the Springfield visitors Wednesday.

The ladies of the M. E. church will welcome all members and friends of the church to spend a social evening with them at the church Wednesday evening at 7 o'clock p. m., Jan. 21st. A cordial invitation is extended and a pleasant time assured. A dainty luncheon will be served with the usual "meal ticket" omitted. The new pastor, Rev. E. D. Palmer desires the co-operation of the church and the Sunday school for a pleasant and profitable year in the work of the church.

Mrs. Harry Genselcorfer is the guest of her parents, Mr. and Mrs. Halbaugh in Pittsfield.

Miss Iota Berger left for Quincy where she is employed as milliner. Her sister, Miss Erce, graduate of the Bluffs high school 1919 class has secured the position as teacher near Galva and left to take up her duties there.

Annual Red Tag Sale opens today.

## STUDENTS' RECITAL AT CONSERVATORY OF MUSIC

Excellent Program is Presented to Large Audience at Academy Hall Yesterday Afternoon.

A students' recital of more than usual interest was held at the Conservatory of Music yesterday afternoon. A large number of friends and patrons of the institution were present to hear the excellent program which was given as follows:

### The Program.

The Cloak (piano).....Maxim Betty Grassly.

May Song (violin).....Vogt Beaumont Potter.

Dancing Daisy Fields (piano).....Mokreys.

.....Laura Young.

The Recruit (piano).....Barth Yale Pontius.

To a Butterfly (piano).....Gronan Ursula Brockhouse.

Daddy Longlegs (piano).....Richards Frances O'Donnell.

Berceuse (violin).....Kritch John Russel.

March (piano).....Reger Hazel Dell Yeck.

Polish Dance (piano).....Schaemenka Harland Moses.

Melodie VII VIII.....Tours Jeanette Conboy.

Flower Waltz (piano).....Rogers Rhoda Rammelkamp.

The Little Prince (piano).....Krogvorn Valda Miller.

Oriental Dance (piano).....Loth Bernice Abernathy.

Across Meadows and Fields (piano).....Hofman Wendell Rawlings.

Guitarre (piano).....Dutton Helen Marks.

Ala Wienawski (violin).....Haesche Lynde Conboy.

Moment Reizgeaux (piano).....Frind Frances Dowling.

Pas de Amphores (piano).....Chaminade Leona Ingrund.

The Fountain (piano).....Oehme Laura Fernandes.

Slavic Dance (violin).....Bohm Marjorie Black.

Air de Ballet (piano).....Korestchenko Maura.

Valse Chromatique.....Godard Marie Rexroat.

Serenade (violin).....Pierul Anna Bradley.

Arabesque (piano).....Debussy Ruth Dorwart.

Witches' Dance (piano).....McDowell Gladys Howard.

The Fountain (piano).....Provazink Scotch Dance.....Chopin-Jonas Esther Duncan.

CLOSING OUT SALE

Wed. Feb. 4, 3 1/2 miles southeast of city consisting of mules, horses, cattle, hogs, corn, oats, farm implements.

**W. A. CRAWLEY & SON.**

We are accepting delayed shipments and balances on orders due us of winter goods which we should have had two months ago. We take them now because the values are good, much lower than we could replace at this time. We're not speculators so you can buy them here now, at the same low basis we bought them.

## Heavy Warm Overcoats \$17 to \$35

Mackinaws for boys, all sizes. Moratex wool lined and Fur Collar Coats. After invoice odd lots underwear at a price that's an inducement.

# MYERS BROTHERS.

Fur and Warm Lined Caps Heavy Odd Trousers

# Farmers!

## Big crops do not mean big profits.

Every farmer knows that production is only a part of our problem. If we raised 200 bushels of corn per acre we would still have many problems. That was demonstrated last fall when hogs went down 10 cents in 75 days. The Government asked us to raise hogs; we raised them but when it came time to sell, they did not pay for the corn fed them.

We must make our farm business efficient and produce what is necessary.

## The Morgan County Farm Bureau and the Illinois Agricultural Association are Doing That.

We know too that there are a whole lot of problems outside the fences of the farm which directly affect our business. We can not solve these problems as individuals. We must organize for strength so that we can speak and act together.

## Between February 1 and 28 We are Going to have a Membership Campaign.

10 farmer solicitors from the State Association are coming here and with our Farm Bureau membership committee are going to visit every farmer in the county. We expect you to join.

# Morgan Co. Farm Bureau

Illinois Agricultural Association

## Flour and Mill Feeds

You will find at our elevator always a complete stock of flour and mill feeds.

## Hormel's Flour

Is made from Northern Hard Wheat. There is none of better quality. Use it for bread and ever afterward you will ask your grocer for the same brand.

## All Kinds of Feed

Corn, oats, bran, shorts and other grain feeds; together with straw and hay always ready. You will be interested in the prices.

We do not deliver in small quantities.

# F. J. Blackburn Grain Co.

Elevator East College Ave. at the subway
